

Internet :

Ethernet

The high quality persistent bandwidth offers high speed and uninterrupted Internet connectivity from anywhere on the campus through the campus LAN & Wi-Fi with Load Balancing & Network Redundancy Technology.

The Campus has 100 MBPS OFC backbone support with underground cabling .

Internet

The College has 1 GBPS Internet bandwidth to facilitate entire college with redundancy leased-line connections. The bandwidth is sourced from Reliance Jio, NETTLINX and BSNL (NMEICT).

WI-FI

Presently, different routers have been installed to provide 24×7 Wi-Fi facility in the entire Campus & Hostels.
